TechnoMe

Create an All About Me slideshow with PowerPoint. Share fun facts, goals, and likes using a template.

Software: Microsoft Office online
Skills : Presentation
Tech Integration : Language Arts, Social Studies

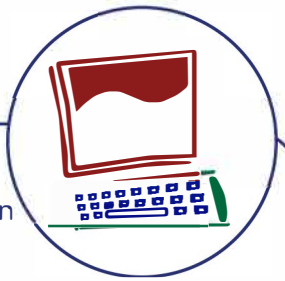

TechnoWhiz

Become a programming whiz kid. Build animated scenes, collages, and games.

Software: Scratch Jr App
Skills : Programming
Tech Integration : Computer Science, Language Arts, Math, Social Studies, Visual Arts

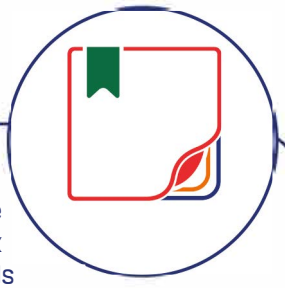

TechnoStart

Develop essential skills with fun and engaging computer lessons for beginners. Projects for Windows users.

Software: Windows OS
Skills : Graphics, Word Processing, Visual arts
Tech Integration : Computer Science, Visual Arts

TechnoStories

Illustrate, write, edit, and share stories using simple storybook templates. Story writing for kids with Microsoft office.

Software: Microsoft Office online
Skills : Graphics
Tech Integration : Word Processing

TechnoFit

Take part in the "be fit Challenge"

Software: Microsoft Office 365 Publisher
Skills : Publishing, Graphics, Word Processing
Tech Integration : Health, Language Arts

TechnoBookmaking

Integrate technology in the classroom. Word processing lessons include bookmaking templates for PowerPoint.

Software: Microsoft Office online
Skills : Presentation, Word Processing
Tech Integration : Geography, Health, History, Language Arts, Science, Social Studies

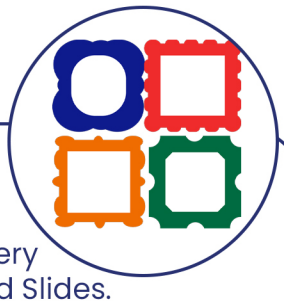

TechnoTales

Combine Coding with story telling.
Create a tale using coding techniques.

Software: Scratch Jr App
Skills : Programming
Tech Integration : omputer Science, Language Arts, Math

TechnoGallery

Explore digital art tools. Paint original images and display them in an art gallery using Google Drawings and Slides.

Software: Drawings, Slides
Skills : computer fundamentals, graphics, presentation, word processing
Tech Integration : visual arts

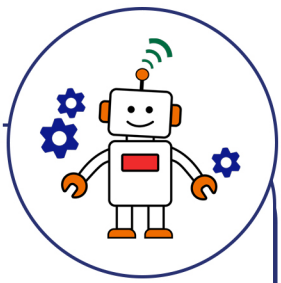

TechnoPainter

Spark the imagination! Make an art collection. Draw, color, and edit artwork using MS Paint.

Software: Windows Paint
Skills : Graphic
Tech Integration : Visual Arts

TechnoHelper Bots AI

Invent Helper Bots powered by Artificial Intelligence.

Software: Slides, PowerPoint, Scratch
Skills : artificial intelligence, coding, data analysis
Tech Integration : computer science, math, science, social studies

TechnoInternet

Lessons provide a thorough introduction to the Internet. Students apply search strategies

Software: Web Browser
Skills : Digital Citizenship, Internet
Tech Integration : Language Arts

TechnoSite

Become a web designer. Develop digital citizenship skills. Construct a unique website with links to fun places for kids.

Software: Sites
Skills : digital citizenship, publishing, web design
Tech Integration : computer science, geography, language arts, media arts, science, social studies

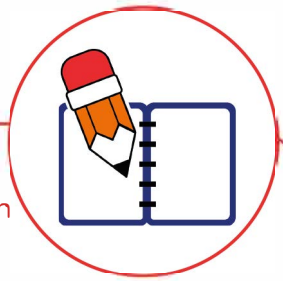

TechnoArcade

Design arcade games with Scratch coding blocks.

Software: Scratch 3.0
Skills : Programming
Tech Integration : Computer Science, Math

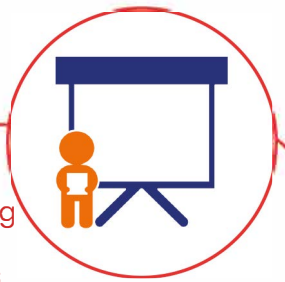

TechnoJournal

Inspire young authors with fun journaling lessons. Writing activities for beginners.

Software: Microsoft Office 365
Skills : Word Processing
Tech Integration : Language Arts

TechnoPresenter

Practice public speaking. Present research findings using a slide show with speaker notes. Public speaking lessons for PowerPoint.

Software: Microsoft Office online
Skills : Presentation
Tech Integration : Geography, Health, History, Language Arts, Science, Social Studies

TechnoResearch

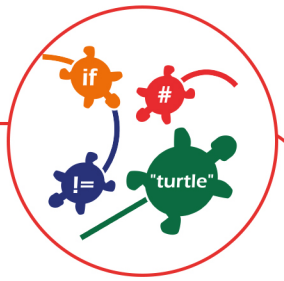

Lessons for teaching essential research skills. Create a Fun Fact Card in Word using word

Software: Microsoft Office 365
Skills : Word Processing, Digital Citizenship, Internet
Tech Integration : Geography, History, Language Arts, Science, Social Studies

TechnoTurtle

Become a game designer using Python.

Software: IDLE Python 3
Skills : Programming
Tech Integration : Computer Science, Language Arts, Math, Visual Arts

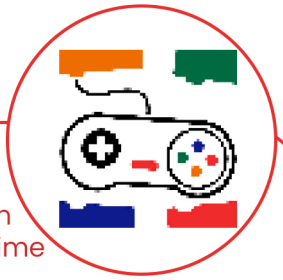

TechnoCandy

Investigate a problem conduct a survey, research packaging, and recommend a solution using MS excel spread sheetssoftware.

Software: Microsoft Office online
Skills : Data Management, Graphics, Spreadsheet, Word Processing
Tech Integration : Business Studies, Language Arts, Math, Visual Arts

TechnoRace

Build an imaginary world. Coders design a rescue mission that has players race against time to save the day.

Software: Scratch 3.0
Skills : Graphics, Programming
Tech Integration : Computer Science, Math, Visual Arts

TechnoToon

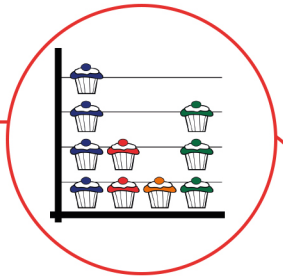

Create a graphic story that looks like a cartoon or animated comic strip using PowerPoint

Software: Microsoft Office online
Skills : Animation, Presentation
Tech Integration : Language Arts, Media Arts

Video Tutorials | AI lab | AI Integration | Standard Allignment | AI Power up | Hardware Simulation | e book | Teacher Sesource

TechnoSales

Use math to make decisions about a bake sale.

Software: Microsoft Office 365 (Excel)
Skills : Spreadsheet, Word Processing, Desktop publishing
Tech Integration : Language Arts, Math

TechnoTrivia

Learn how to make a Microsoft Forms quiz. Build questions and answer keys.

Software: Microsoft Office online
Skills : Word Processing
Tech Integration : Geography, History, Language Arts, Math, Science, Social Studies

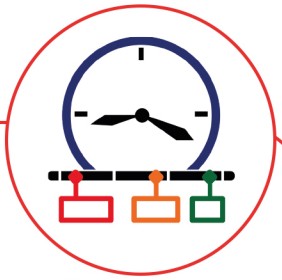

TechnoEditor

Edit a collection of stories to make it

Software: Microsoft Office 365 (Word)
Skills : Desktop publishing, Word processing
Tech Integration : Language Arts

TechnoTimeline

Explain the significance of historical events with a timeline lesson plan using PowerPoint.

Software: Microsoft Office 365
Skills : Publishing, Graphics, Presentation, Word Processing

TechnoAdvertise

Design advertisements including a flyer, catalog and newsletter.

Software: Microsoft Office 365
Skills : Word processing, Publishing. Graphics
Tech Integration : Business Studies, Language Arts

TechnoPhotoshop CC 2021

Express your inner artist with photo editing activities. Create a digital scrapbook. Retouch, crop, adjust, warp, recolor, and superimpose images

Software: Photoshop CC
Skills : Photo Editing, Graphics
Tech Integration : Media Arts, Visual Arts

TechnoWonderland

Market an amusement Park. Analyse data to make decisions

Software: Microsoft Office 365
Skills : Word processing, Internet, Spreadsheets, Presentation, Publishing, Graphics, Database & Management
Tech Integration : Business Studies, Langauge Arts, Math, Visual Arts

TechnoPlanner

Become event planners. Organize data using Microsoft Access tables, forms, queries, and reports.

Software: Microsoft Office 365
Skills : Database,Data Management, Word Processing
Tech Integration : Business Studies

TechnoInvestor

Play a stock market game. Form collaborative teams to trade stocks in fictitious companies. Write a report.

Software: Excel Word
Skills : spreadsheet, word processing
Tech Integration : business studies, language arts, math

TechnoSpecialist

Become an information technology specialist

Software: Microsoft Office 2010 (PPT)
Skills : Presentation
Tech Integration : Business Studies

Video Tutorials | AI lab | AI Integration | Standard Allignment | AI Power up | Hardware Simulation | e book | Teacher Sesource

TechnoFuture AI

Use Generative AI to create images, models, and music for a sci-fi story that imagines the future.

Software: Excel PowerPoint Word Scratch
Skills : artificial intelligence, coding, presentation, spreadsheet, word processing
Tech Integration : computer science, language arts, science

TechnoChatbot AI

Become chatbot developers. Improve the lives of others. Build an event chatbot, order chatbot, and virtual agent.

Software: Bot Libre, Scratch
Skills : artificial intelligence, coding, data analysis, digital citizenship, graphics
Tech Integration : business studies, computer science

TechnoAd

Develop media literacy skills. Analyze online behavior, then create a video ad using proven techniques. Summarize the campaign.

Software: Blender Excel Forms Sheets Docs Word
Skills : animation, digital citizenship, spreadsheet, video production, word processing
Tech Integration : business studies, language arts, media arts

TechnoAnimate CC

Use motion tweens, shape tweens, motion paths, and more! Make scenes come alive. Create an animated space story with Adobe Animate CC lessons. Animation for beginners.CS4G Netsim, and AI Chatbots.

Software: Animate CC 2019
Skills : Computer animation, Graphics
Tech Integration : Media Arts, Visual Arts

TechnoMission

Catalogue a collection of items using a Microsoft Access database.

Software: Access, Paint
Skills : data analysis, graphics, photo editing
Tech Integration : science, visual arts
